Here are two examples of internal Q&As.

I can probably send a couple of examples, which I'll do this afternoon.

Thanks for the update.

As for Q and As, it was vaguely discussed, but I have not put anything together. If you have any examples of formatting, etc, that are handy to provide me, I can try to pull the team together to make a start?

Debra

Subject: RE: Draft Aldicarb OPP Update
Importance: High

Hi Debra,

Just finishing up a comms meeting with Alex. We're shooting to have the announcement on January 7. The Administrator has a meeting in Florida on January 12, and they want it out no later than 1/7.

They don't want a press release – just the OPP Update, which they want very focused on how limited the registration is. They would like to get quotes from the FL Dept of Ag, Florida Fruit & Vegetable, maybe congressmen, etc., and have a "What They're Saying" document after the announcement. I've never heard of doing that before.

Anyway, back to the OPP Update, I'd like to have something for RD management to review by tomorrow afternoon, but I fully expect that there is going to be a lot of back and forth next week, and refining the document right up until the announcement.

I think I heard Mike say in the meeting that the team had Qs&As on aldicarb. Is that correct?

Hi Dian,

What is your time-frame?

Hi.

Attached is the first draft of my OPP Update for aldicarb. Sorry it took so long to get it to you. Last week was extremely hectic, and I had risk communication training every afternoon.

This one is tricky. Let me know what you think.
